ACCIDENT PREVENTION

IF THERE WERE MORE OF THIS——

There would be less of this, says the National Safety Council as it urges officers to enforce the laws and motorists to observe particular care throughout the month of July, when number of traffic accidents has increased alarmingly in past years.

Housing Plan Study Ordered By City Council

Building of Low Cost Houses for Rent Is Proposed

A proposal that the City of Redwood City through a housing authority composed of five citizens similar to a commission construct low-cost homes for rental to wage earners was laid before the city council Monday, with the result being that the board authorized Mayor Louis C. Christensen to appoint a committee to investigate the scheme.

On the committee will be three councilmen, three chamber of commerce directors, three planning commissioners and three real estate board members, each organization to select its own representatives.

Mayor Christensen named Councilmen Paul A. McCarthy, Harold F. Anderson and Evans A. Fletcher to represent the council.

REPORT DUE JULY 18

A meeting of the organization will be held within the next two weeks, it was decided, so that a report may be rendered to the council at its July 18 meeting.

The construction program, which would be financed by a bond issue and by a federal loan, was explained by Capt. E. L. Norberg, Burlingame architect.

He said that a project would consist of the building of a number of homes to rent for some $20 to $35 monthly. The housing authority, appointed by the counsel as a political unit to serve without salary, would be the owner of the property, under a federal law which provided for the setup and loans, and under a state enabling act passed by the last legislature.

REPAY CITY FUNDS

As Captain Norberg explained the setup, the housing authority would first be financed by the city, funds so used to be repaid later from revenue. First funds for purchase of land and construction of homes would be in the form of bonds issued for 20 per cent of the value of the project. Security for the bonds would be the housing project itself, not the city, he explained.

With this "down payment," the remainder—80 per cent—of the funds could be obtained from the federal government on a long-term loan at not more than 4½ per cent, Norberg said.

Repayments of the bonds and loans would be solely from rentals, the housing authority having complete control over the project as far as renting, or even selling, the houses are concerned. Actual supervisorial work would be done by a paid executive, it was explained, similar, as one councilman put it, to the secretary of a building-loan company.

FOR WAGE EARNERS

In bringing up the proposal, Captain Norberg pointed out that there is a scarcity of houses for rent in Redwood City, especially of the class for wage earners. Councilmen agreed with him. Norberg explained that under the FHA plan, only families with limited incomes could live in the houses; that the amount of rent paid—the size house occupied—would depend on the salary of the family head; that when the salary increased beyond the amount permitted an occupant of one of the houses, he would have to move into a privately-owned place.

Captain Norberg prefaced his discussion with the explanation that the World's Fair was going to bring persons to the Peninsula to live, but that there would be no homes for them unless built either by private capital or in this manner; that apparently private capital was not interested in or available for building low-rental cost homes.

During the discussion it was brought out that for such a project lots which the city has repossessed might be used, with the city thus receiving back some of the money invested in the holdings.

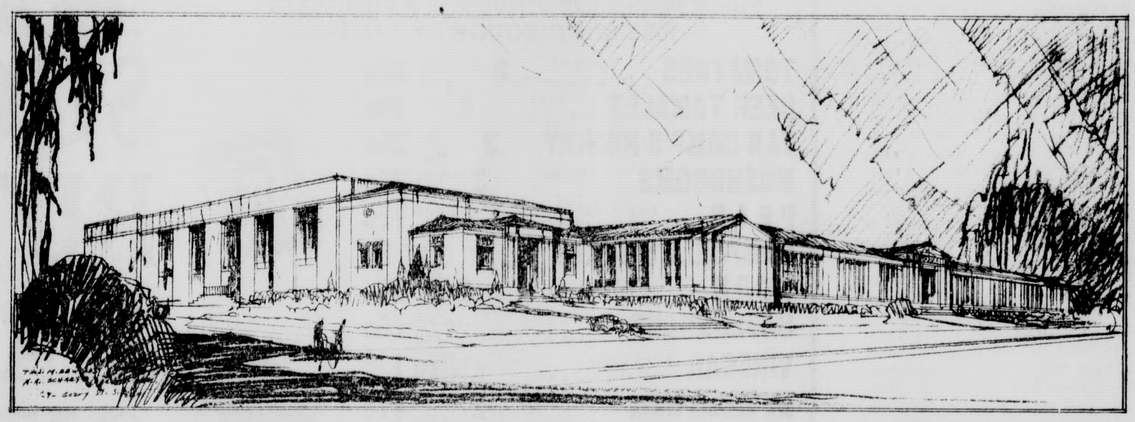
S. F. GOES AHEAD

As a result of lengthy discussion of the scheme, which would be of a nature similar to slum-clearance projects in metropolitan areas like San Francisco, it was decided to have the study made, so that a recommendation might be acted on by the council at its next meeting.

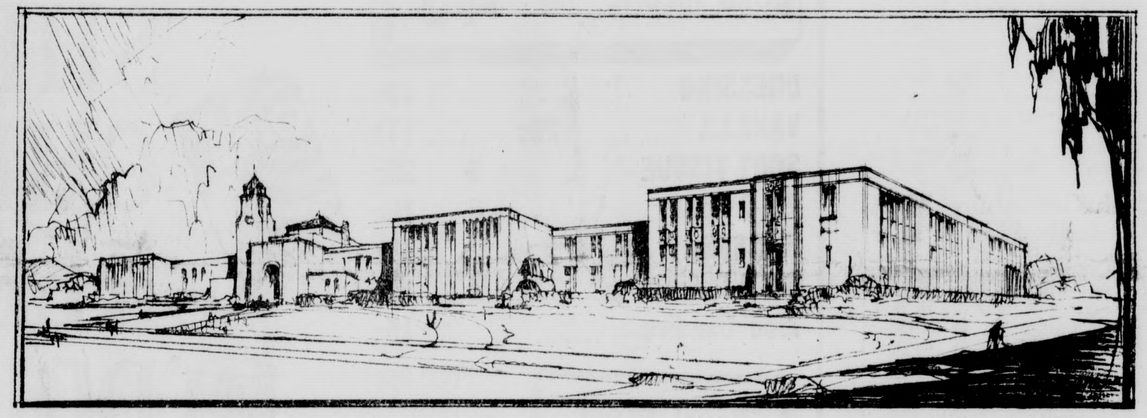
In San Francisco a $15,000,000 program won approval yesterday of supervisors, who adopted a resolution under which they will sign a contract with their housing authority to eliminate unsafe and insanitary dwellings. Plans call for elimination of 660 such structures through construction of 600 new dwellings. A. D. Wilder is executive officer there for the San Francisco Housing Authority.

How Proposed School Buildings In Redwood City Would Appear

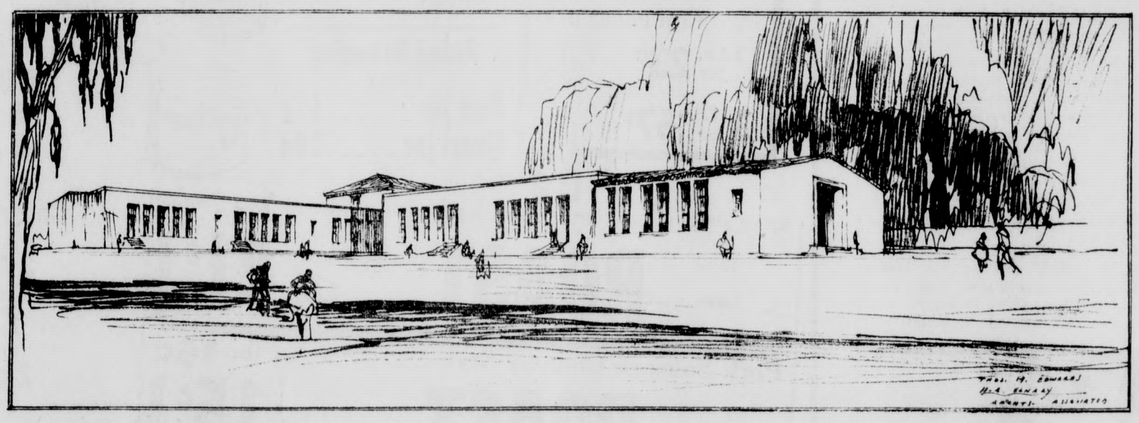
Voters of the Redwood City Elementary School District will decide at an election Aug. 2 whether or not they should approve issuance of $88,000 in bonds to finance construction of three school projects. A PWA grant of $70,640 is sought.



AT LINCOLN SCHOOL, on Whipple Ave., a new auditorium would be built connecting with the existing building on the west side. Entrance to the auditorium would be on Whipple, as shown. At extreme left is a side view of the proposed new structure, with side exits. This building also would serve as a gymnasium. Cost would be $32,000. The building would be of stucco construction, like the present school building.



AT McKINLEY SCHOOL, on Duane St., a two-story, 10-room addition would be built on the north side of the existing building, as shown on the right side of this sketch by Architect Thomas Edwards. This addition, of reinforced concrete construction, would cost $97,000.



AT GARFIELD SCHOOL, on Middlefield Rd., two new rooms would be added to the rear of the present building, as shown at right. Cost of this stucco addition would be approximately $15,000. Furnishings for all three buildings would cost approximately $14,000.

Plane's Motor Suddenly Dies

BURLINGAME, July 5—Marshall S. George, Burlingame flying instructor who lives at 1008 Laguna Ave. and hangars his plane at Mills Field, can call on any one of hundreds of witnesses to prove that he is an expert pilot.

For an aviator who can bring a low-wing, two-place monoplane to a dead-stick landing in a sloping field on San Francisco's Twin Peaks without injury to either of its two passengers is certainly an expert, 'most any flier will agree.

George did just this yesterday afternoon.

With Miss Afton R. Lewis, 30, of San Francisco, as his passenger, George was soaring at 3000 feet, circling alternately over a holiday-crowded ocean beach and a house-studded terrain. Suddenly the motor "conked out" for no explained reason. Heading back to Mills Field, they lost altitude so rapidly that George decided to risk a landing on the lower slope in a spot pointed out to him by Miss Lewis.

Cutting his switch, George swooped into a small ravine and banked the plane, lifting the nose until she stalled three feet above the ground, then let her settle on the 45-degree angle hillside. He had barely cleared trees and fences. Witnesses said he obviously was in full control of the plane during the difficult maneuver in gusty winds.

The crash twisted the propellor, wrecked the landing gear, crumpled much of one wing, but left the fliers unhurt. They stepped out of the plane much as a person would from a taxi.

Two youngsters who had been playing ball nearby guarded the plane while George and Miss Lewis went for help to retrieve the plane.

It wasn't the first crackup for Miss Lewis. In April, 1932, while she was soloing over Mills Field, her plan was sideswiped by the ship of Paul San Martino. Although an aileron was ripped off her ship, Miss Lewis brought the plane safely down to 50 feet before it went out of control and crashed, cutting and bruising her. Later she sued and won a judgment against San Martino in the first air traffic suit on record in the Bay Region.

S. M. Woman Dies 10 Days After Mate

SAN MATEO, July 5—Mrs. Mary Ellen Ginnever, 77, San Mateo, followed her late pioneer husband in death Sunday, unaware even that he had passed away 10 days before. She had been ill for the past few years and at the time of her husband's death was not told of it. Mrs. Ginnever was the mother of Charles A. Ginnever, city treasurer of San Mateo.

Advertising Plan To Be Considered

An "open forum" meeting of the San Mateo County Federation of Improvement Clubs and Associations to consider the publicity plan of San Francisco Peninsula Inc. will be held at Garfield School, Middlefield Rd., Redwood City, on Thursday, July 14, at 8 p.m., Executive Secty. Emil G. Stein announced today.

Host club will be the Friendly Acres Improvement Association, of which L. F. Emerson is president and Ephraim Adams, secretary.

Speakers will be provided by SFPI, according to Hugh Riley, chairman of the federation's advertising committee.

The 150-mile Kennebec River in Maine is frozen three months a year.

Council Bans Billboard Shift

Forty-one billboards in Redwood City not only are enough, they are too many, and if an opportunity presents itself to have the number reduced, that chance will be seized upon by the city council.

That in effect was the edict laid down by the council in informal but apparently decisive, action Monday night.

The subject came up when City Manager C. L. Dimmitt disclosed that Foster & Kleiser had asked permission to move two existing billboards from the Montgomery St.-El Camino Real corner where they are now located, to two other locations on the state highway. Reason for removal, it was explained, was that the lot where they are located had been sold and may soon be built upon.

Councilmen immediately voiced disapproval of this plan. Paul A. McCarthy, Harold F. Anderson, George W. McNulty and Louis C. Christensen all declared they would not be in favor, but, rather, would be willing to take advantage of the opportunity to see the number of signs reduced. Others indicated by their nods or silence that they were in favor of a similar stand.

One asked City Manager Dimmitt if he would deny the removal request if the matter were left to him.

"Yes, I surely would," he unhesitatingly replied.

As a result, it was informally agreed, unanimously, that the matter rest with Dimmitt.

The boards in question are located on the side of the garage of the Buick Sales & Service Agency, 831 El Camino Real, facing south. Recently the council rejected application of Foster & Kleiser and West Coast Advertising Co. to erect new billboards.

PATROLMEN ON VACATION

Capt. Paul Perussina and Patrolman Walter Sequeira of the State Highway Patrol will be absent from their posts for two-week vacation periods starting today.

Busy Season For Poundman

That Poundmaster Alan McKay's city department had collected a total of $1337.61 in fees during the fiscal year just ended was reported by the official to the council Monday night.

Scope of activity of the bureau was further disclosed when McKay reported that he had handled 2444 animals during the year: 972 dogs, 1418 cats, 4 horses, 13 rabbits, 14 fowls, 7 goats and 16 "other animals," including white rats. Of these, 123 were redeemed and 38 sold, the rest being destroyed.

Collections included $151.25 in pound fees, $75 in sales, $201.36 in miscellaneous receipts, $177.50 in licenses collected at the pound, and $732.50 in licenses collected at the city hall.

Bombay is called "the gate-way of India."

R. C. Man Blamed By Jury for Crash

Berne J. Ellis, 35, 80 Woodsworth Ave., Redwood City, was held responsible by a coroner's jury today for the death of a man and two women in an automobile accident early last Thursday, the Associated Press reported from Los Angeles.

Ellis was identified as the driver of a car which crashed into a Santa Fe switch engine, instantly killing Charlotte Richerds, 30, and Madeline de Moss, 27, of Hollywood, motion picture studio employes, and Louis G. Briasco, 28, manager of a macaroni company of San Francisco.

Ellis, still critically hurt, is in Maywood Hospital.

CLUB MEETS JULY 14

Friendly Acres Improvement Club, instead of meeting tomorrow night as had been announced following its last meeting, will meet July 14 at Garfield School when it will be host at the county club federation meeting called to discuss the subject of Peninsula advertising.

The grapefruit was brought to Florida by the Spaniards in the 16th century.

SAN CARLOS MAN'S KIN DIES

Harry C. Browne, retired insurance executive and former building contractor who was the father of Robert S. Browne, San Carlos real estate operator, died Monday in San Francisco. Funeral arrangements are in the charge of Gantner-Felder-Kenny, San Francisco.

In the naval battle of Jutland in the World War, the Germans lost 11 vessels, and 2863 men; the British, 14 vessels, 6617 men.

EXCHANGITES PLAN PARTY

Redwood City Exchangites last day heard a report from Member John J. Garland on his three-week trip to Wisconsin, and made plans for next Tuesday's meeting in the garden of the C. L. Stokes' home, the occasion being the annual Ladies' Night Garden Party.

The oldest part of North America, the first to be elevated above sea level, is the northeastern section.

ASSESSMENTS OVER 100 MILLION

San Mateo County's assessment roll, exclusive of utility properties assessed by the State Board of Equalization, passed the hundred million dollar mark for the first time in history today.

The 1938-39 assessment roll submitted by Assessor Daniel P. Flynn showed these facts:

Total assessments were $105,663,785.

Exemptions totalled $4,392,945.

Net taxable values totalled $101,784,090, a 3 per cent gain from last year's $98,806,330 and an increase of nearly $3,000,000.

All of the increase was within incorporated cities, San Carlos leading the parade with a sensational 15 per cent gain over the previous year.

Unincorporated areas showed a negligible decrease of one-tenth of 1 per cent, down $45,730 from last year's $33,384,560.

The increase in assessments was expected to help carry increased government costs in the current fiscal year, including an item of $65,000 for elections, without increasing the tax rate.

Largest dollars and cents increase in net taxable valuations was in San Mateo, where county assessments increased $964,620 to $14,615,490, highest of all cities. Second ranking city in point of valuation was Burlingame with $11,889,920, up $158,420. Third was Hillsborough with $11,769,785, an increase of $185,140. Redwood City was fourth with a $237,640 increase to $7,022,900.

Two cities showed a loss. Lawndale, with a $1,520,000 valuation and $434,790 in exemptions, lost $15,980 from last year's total. Belmont was down $28,840 to $1,037,155.

Solvent credits were assessed at $513,250.

Last year's operative roll was assessed at approximately $12,200,000 according to Flynn, and should show a nominal increase this year.

San Mateo County assessments are based on about half of true value, indicating the total real values of $211,000,000 less $8,700,000 in exempt properties.

MENLO PARK NEWS NOTES

Miss Mary Carleton will leave July 15 for Honolulu to spend a month's vacation on the islands. She will be accompanied by Miss Cannon of Millbrae.

John O'Brien last week resigned his position as gardener at a local estate where he had worked for 37 years. He now will find surcease of labor under his vine and fig tree.

Mrs. Cora Parker slipped and fell at her home on El Camino Real last Friday, fracturing her shoulder blade and the two bones of her right arm. Mrs. Parker is well known on the Peninsula. Her painful accident will be sad news for her wide circle of acquaintances. She is at Mills Memorial Hospital.

Miss Mary O'Brien, the popular teacher, is spending a portion of her vacation in the northern part of the state.

John P. Maloney of Los Angeles, who is a cartoonist with one of the Hearst papers, spent the Fourth with his mother, Mrs. Frances Maloney. He was accompanied by Miss Marion Comer, his fiancee. The young couple are to be married in September.

Mrs. Elizabeth Jane Hoff passed away last Monday morning at her home on San Antonio Ave. after a brief illness. She was born in Menlo Park 70 years ago, the daughter of the late Andrew Lawlor, one of the first settlers in Menlo Park. Her husband, James W. Hoff, preceded her to the grave only a year ago. Mrs. Hoff had many burdens in life but bore them bravely, knowing that at the end she would be relieved and be reunited with her loved ones beyond the stars. Two of her sons met tragic deaths, one was drowned in Searsville Lake and the other in a slough near the bay at Ravenswood. This occurred a year ago but Mrs. Hoff never fully recovered from the shock. The funeral took place Wednesday morning from the Church of the Nativity. Interment was in Holy Cross Cemetery, Menlo Park. Mrs. Hoff is survived by three children, Mrs. Eva Peterson, Mrs. May Kotter and Edward A. Hoff.

Mr. and Mrs. W. H. Weeden and their daughter, Isabelle Weeden Lindquist, and her children, Billy and Emma Roberta, spent the Fourth of July week-end visiting relatives in Monterey.

The card party given by Menlo Parlor 211, Native Daughters of the Golden West, last night in Central School auditorium was well attended.

Nomination of officers for the ensuing term will be held at the regular meeting of Menlo Park Legion Auxiliary Unit 443 Tuesday, July 12, at 8 p.m. The election will be July 26.

50th Gettysburg Meet Described in Paper

The reunion at Gettysburg over the past week-end of Civil War veterans served to recall to Mrs. G. W. Mulcady of 528 Hamilton St., Redwood City, the fact that she has preserved a copy of the San Jose Mercury of July 1, 1913, giving an elaborate description of the meeting of the 40,000 veterans of the Blue and Gray on the occasion of the 50th anniversary of the Battle of Gettysburg. The four-day encampment then was similar in many respects to the one which began on the 75th anniversary and ended Monday, according to the description printed in the paper, although the attendance, of course, was considerably larger, this year's event being attended by only 1800.

China is roughly divided into a wheat-eating population, north of the Yangtzse River, and a rice-eating population south of that great waterway.

The official end of the World war—when treaties of peace had been ratified by the respective governments—was Aug. 31, 1921.

Local Post Office Business Shows Gain

End of the 1937-38 fiscal year found Redwood City's post office advancing from the $50,000 to the $60,000 rating, Postmaster Robert E. O'Connell Jr. reports. The post office had held first class recognition since 1927.

The gain for the calendar of 1937 was $3000, an increase of 5 per cent over 1936, the postmaster said, but already this year there has been a $2900 increase and bigger gains are expected with the August and November elections.

The month of June just completed established the highest intake ever recorded at the local office, with the exception of December, 1937, Postmaster O'Connell said. This was unusual, he pointed out, because June is ordinarily only an average month.

Roof Fire Damages San Carlos Home

SAN CARLOS, July 4—But for the keen eye of a passing motorist, the home of Mrs. William H. Bissell on Phelphs Rd., San Carlos, might have been destroyed by fire yesterday afternoon.

Driving along upper San Carlos Ave., a Mr. Kemp, whose first name was not learned, noticed smoke coming from the roof of the Bissell home. He notified Mrs. Bissell. Quick action by the local fire department confined the blaze to the roof. Damage was estimated at $50.

The fire presumably was caused by sparks from papers which Mrs. Bissell was burning in the fireplace lighting on the roof.

Car, Campus Blaze Annoy R.C. Firemen

The person who parked his car in front of the Eureka Cafe on Main St. Sunday and came back to find it with a broken window and soggy cushions can blame—or credit—the fire department.

At 8:12 p.m. the department received notification that there was a fire smoldering in the front seat of the locked automobile. On responding, firemen found they had to break a window to get at the fire, which apparently had been started by a cigarette, Chief Mark Ryan said.

Only other fire of the week-end was a grass blaze on the high school grounds at 7:33 p.m. Sunday, from which no damage resulted.

BOARD VOTES $5000 GAS TAX FUNDS TO BUY GENEVA AVE. RIGHT-OF-WAY

Over the objections of Supervisor James S. James, the board of supervisors Tuesday voted $5000 from gasoline tax funds to purchase a 3-block, 113-foot right-of-way for widening Geneva Ave., connecting link between Bayshore Hwy. and Mission St. through Bayshore City.

James opposed the appropriation because there was no definite agreement for sharing the costs of construction, and declared that the money should not be taken from the overburdened gas tax account for county road maintenance and construction.

Supervisors Alvin S. Hatch and John W. Poole argued that the San Francisco portion of Geneva Ave. had been reconstructed and that San Mateo County should do its share. The board's action followed favorable recommendation from Engineer U. S. Marshall.

The board served notice on the Pacific Gas and Electric Co. that it would not be responsible for street light bills in a North Fair Oaks area not included in any lighting district.

"We have no money to pay this bill," said Poole. "It's up to the people in this area to sign petitions to annex the district to the Menlo Park Lighting District if they want the service continued."

It was explained that a petition had been circulated but that the number of names secured was insufficient.

Selby Lane and Sequoia Tracts, faced with a similar situation, were annexed to the Emerald Lake Lighting District today after a public hearing developed no protests.

The board awarded to W. J. Tobin a contract to construct a storm water drainage system for the Friendly Acres subdivision. Tobin was the only bidder. His figure was $4358.

Supervisor James argued that "there must be something wrong" because more bidders did not seek San Mateo contracts, and asked assurances that residents of the Friendly Acres area were satisfied before he would vote to award the contract on a single bid. The recent juvenile home reconstruction contract likewise attracted but one bidder.

Marshall explained that bidders were unable to find banks willing to purchase the district improvement bonds. Tobin intends to keep the bonds himself, Marshall said.

County Right-of-Way Agent Lawrence A. Heiner submitted a signature bearing 30 names asking for installation of three lights in the Colma Lighting District near Garden Village subdivision. The new petition replaced one previously lost at the courthouse. Installation of the lights was authorized.

The supervisors held their first meeting as a board of equalization and as such adjourned to July 12.

Meredith Clattenburg In Salinas Contest

San Mateo County's contest to chose a representative to attend the Salinas Rodeo July 14-17 will be held at the San Mateo Gymkhana Club today at 4 p.m. Among the contestants for the California Outdoor Girl title is Meredith Clattenburg of Redwood City, daughter of Dr. and Mrs. H. A. Clattenburg.

Other Peninsula girls entered are Joan Herbert of San Mateo, Annalouise Freise of Burlingame and Melba Warren of Daly City.

Napoleon was one of eight children.

Elizabeth J. Hoff, M.P. Resident, Dies

MENLO PARK, July 4—Elizabeth Jane Hoff, widow of the late James W. Hoff of Menlo Park, died suddenly early this morning at her home at 1416 San Antonio St.

Mrs. Biber Wins Post in Bureau She Once Headed

Dr. Charles C. Gans, county health director, has announced appointment of Mrs. Ellen Biber, one-time superintendent of the Social Welfare Department, as boarding home investigator for the bureau she formerly headed.

Mrs. Biber, who lives at 105 West Bellevue Ave., San Mateo, will investigate homes where needy children and aged on state relief are quartered. Hers was the only application on file of workers possessing necessary qualifications for the job. The post, formerly a part-time job which recently, Dr. Gans explained, has grown to the proportions of a full-time position, pays $125 a month.

This amount is $100 a month less than Mrs. Biber was paid in her former position, from which she was removed Jan. 31, 1936, upon recommendation of the grand jury, which charged that she was unsuited temperamentally for the type of work she was forced to do. At the time, she was to be reinstated in another position, but no other job ever materialized for her.

Two other changes in the social welfare department announced by Dr. Gans include appointment of Miss Dorothy Blackburn, formerly with the public health clinic at Community Hospital, as case worker, and Helen Van Winkle, formerly an extra clerk, as assistant case worker.

BAYSHORE GRASS FIRE BENEFICIAL, CHIEF DECLARES

The grass fire east of Bayshore Hwy., north of Frank's Tannery, that cast a pall of smoke for many miles down the Peninsula Monday afternoon "did a lot of good," Fire Chief Mark Ryan said.

Dense clouds of smoke provided a serious traffic hazard on the highway for more than an hour, as both local and state police patrolled the strip to guard against accidents.

The blaze covered 15 to 20 acres, the fire chief said, burning off weeds and insect-infested patches that were not only an eyesore but constituted potential danger to the city.

Firemen remained on duty for two hours, letting the fire burn but protecting neighboring areas from flying sparks. Smoke from the blaze drifted as far south as Mountain View, observers said.

The camel is still retained as the chief beast of burden in Northern China.

Other Matters Before Board

Steps to provide for paving of three Redwood City streets were taken by the city council Monday on petition of property owners.

City Atty. Albert Mansfield was authorized to institute proceedings for these projects:

Nevada St. between Brewster and Hopkins.

Avenue del Ora between James Ave. and South Pl.

Quartz St. between Avenue del Ora and St. Francis St.

Property owners on the streets will be given a chance to protest before final action to do the work is taken, with owners bing assessed for the cost, as was recently done on Hillview Ave.

OTHER BUSINESS

Other council business:

Reappointed to two commissions members whose terms had expired, Daniel R. Stafford to the planning commission and Elmer S. Hurrell to the board of port commissioners, each to serve a six-year term. It was disclosed with his appointment that Stafford had spent 48 years in one form or another of public service in Redwood City.

Heard report that proposal to rezone the area near, and including, James M. Eva's house at 438 Brewster Ave. was set for next Monday at 8 p.m. before the planning commission.

Referred to City Attorney Mansfield suggestion of state officials that pleadings be prepared for acquisition of title to Union Cemetery from Governor Merriam.

Approved application of Jack Badie to move in two-car garage from Felton Gables to his property on west side of Arguello St. between Hopkins and Rogers Sts.

HARBOR LAND LEASED

Accepted bid of Emil Dehoff to lease for five years .32 acre of property at Redwood City Yacht Harbor on which his boat works is located, the rental to be 5 per cent of value of the land, which, it was agreed would be $50 (on $1000 value) for the next two years.

Approved expenditure of the city's ½-cent gasoline tax share on Rogers St. from Arguello to Bayshore Hwy., $5850; Valota Rd., $1848, and El Camino Real right-of-way acquisition, $3799.83.

Passed resolution confirming assessments for paving work done on Hillview Ave.

Heard report from City Attorney Mansfield that survey was being made of dilapidated barn on Stambaugh St.; that the owner had agreed to raze it if it were shown to be beyond repair.

OLD HOUSE UNDER FIRE

Directed Building Inspector Drathman to inspect house at El Camino and Harrison Ave. with a view to having it razed.

Authorized Mayor Christensen to appoint a committee when necessary to appear before State Highway Commission to urge that funds be allocated in next biennium's budget for widening of El Camino Real from Redwood City to Palo Alto.

Heard Councilman Fletcher report that complaints had reached him of double parking on Main St., and directed Police Chief Collins to have his department watch for such traffic law infractions.

Plunges Survived By Two on Outings

Plunges down steep inclines in San Mateo County during weekend holiday outings were survived by two visitors.

Robert Weiss, 19, San Francisco painter, suffered a severely cut head when he fell from a steep incline near Belmont. He was unconscious for 15 minutes, it was reported at Community Hospital, where he was treated before being transferred to San Francisco County Hospital.

Clifford Campenello, 2-year-old son of Mr. and Mrs. Jerry Carpenello of Pittsburgh, Contra Costa County, was on a picnic at Veracity Park when he toddled to the brink of a 50-foot embankment, peered over, lost his balance, tumbled head over heels to the base of the sloping cliff. At Central Emergency Hospital, physicians said he was only bruised.

Traffic on Holiday Free of Fatalities

State and city traffic officers in San Mateo County today congratulated themselves upon a deathless holiday. It was the second year in succession that Peninsula July 4th holiday traffic had been moved without a single traffic fatality.

No News, Good News To Woodside Area

WOODSIDE, July 5—This community, mecca of picnickers on any holiday, threw out its chest and boasted today that it had no fires over the July 4 week-end holiday, and had only one minor accident. One woman whose name was not learned suffered a wrist cut which required emergency treatment. Fire Chief John Volpiano's special patrols were credited with prevention of fires. Aiding him were George Jelich, Eugene Titamer, Leland John and Peter Duzanica, who kept a vigilant watch over the 30 square miles of the Woodside Fire District.

One Fire Is Near YMCA Camp; Hall Fixtures Burned

Grass and brush fires, one of which was near the YMCA camp in Memorial Park, kept the County Fire Warden's crews on the run Saturday and Sunday as the fire season reached a dangerous peak. At one time Sunday afternoon Fire Warden Bert L. Werder had every available piece of equipment in service and was forced to call on city fire departments to stand by in case of emergency.

EMERALD LAKE BOWL TO BE SETTING FOR CONCERT SUNDAY AFTERNOON

Redwood City's Emerald Lake Bowl, natural amphitheater in the hills above Upper Emerald Lake, is being cleared for a picnic and recreation spot and will be officially opened Sunday with a string and woodwind ensemble concert, it was announced today by H. V. De Armond, recreation department director.

Charles G. Lambert, former mayor, will give a short address outlining the current and future possibilities of the bowl as a recreation center, De Armond said.

The concert will be directed by Harold R. Landers, member of the Division of Recreation staff of WPA. Members of the ensemble will be players of the community who have volunteered their services. They are Jay Morris, Pauline Stumpf, B. Guida, Charles Ward, Mary Olson, Emma Kochart, W. H. Frick, Effa Jean Lightbody, Mrs. T. W. Badley, Donald Ward, Brier McNeil, Jean Allman, Sanford Dole, Nancy Furnivall, K. McNeil, Gertrude Carlock and Carl Ernst. The concert will start at 2 p.m.

Present plans contemplate a regular attendant in charge daily, to be provided by the recreation division.

Arrangements are being made for the Redwood City Band to perform in Sunday afternoon concerts, De Armond said.

Water Pipe Flushing Gets Under Way Here

Flushing of the city's water mains, in an effort to clean out silt and residue assertedly left by unfiltered water from Calaveras Lake recently directed through them, was started Monday and will continue until the pipes are thoroughly cleaned, City Manager C. L. Dimmit said.

San Francisco is supplying the water necessary to flush the mains, Dimmitt explained. The flushing is causing disturbances in various parts of the city's water system, but it will not be for long, he added.

$5531.50 Collected In Local Court Fines

A total of $5531.50 in fines was taken in by Justice of the Peace Edward I. McAuliffe during the fiscal year of July, 1937, to June, 1938, inclusive, his yearly report shows.

Highest single month in that period was September, 1937, with $865.50. July was second with $752.50, while lowest month was March of this year, $241. January was not far ahead, with $246.50.

Mantz Sets Speed Record

Paul Mantz, former Redwood City resident who continues to make aviation news headlines, claimed a new speed record today, although his victory against time was won only after a series of mishaps that threatened destruction of his plane.

Mantz, airline operator and Hollywood stunt flier, landed safely at Union Air Terminal Monday after circling the field for a half hour with a jammed landing gear.

During this time, his companion, Edward Churchill, became stricken with carbon monoxide poisoning but recovered upon landing after treatment by a physician.

Mantz had flown from Wichita, Kans., in 7 hours, 5 minutes, 30 seconds.

Negro slaves were introduced into Haiti as early as 1505.

Supervisors Approve Study To Cost $500

Sequoia Case Dormant Pending Meeting Of Grand Jury

The board of supervisors Tuesday suspended Alfred Winter, collector for the south county Willow Road Water District and one-time candidate for supervisor, and ordered him to turn all of his records into the district attorney pending a grand jury investigation of his accounts. The supervisors voted $500 for the inve tigation.

Action of the supervisors in the water district matter followed recommendations of the grand jury in a letter signed by Secretary Wallace B. Plummer. It read:

PARTIAL STUDY MADE

"On instruction from Chairman Percy J. Shaw, a committee within the grand jury have made a partial investigation of the records of the Willow Road Water District.

"From information obtained it would seem advisable to have a special investigator make a survey of water subscribers, to determine what moneys have been collected, and whether there have been any willful irregularities."

The jury offered its assistance in conducting the investigation.

NEGLIGENCE ADMITTED

Supervisor James S. James admitted that the board had been lax in handling special assessment district matters, and advised his fellow supervisors to go hand in hand with the grand jury to correct the situation. The $500 for the survey was transferred to the district attorney from a balance in the sheriff's investigation account.

According to Asst. Dist. Atty. Daniel E. Sullivan, the investigation will include not only a thorough-going study of Winters' accounts, but will produce a report on the physical properties of the water district.

Sullivan pointed out that the residents of the water district paid a 38-cent tax last year to raise a deficit of about $5000 in receipts.

OPERATES AS LOSS

The district purchases water from the San Francisco Wafer Department at 19 cents for 100 cubic feet and retails it for 25 cents a hundred. While it should show a profit on the operation, the district operates at a loss and the investigation will endeavor to unearth the cause, Sullivan said. The district includes the area along Willow Rd., which runs by the Veterans Administration Facility in North Palo Alto.

J. E. Hedley applied for Winters' position as collector, but was advised that there is no vacancy. Winters has not been discharged, merely suspended, it was explained, pending outcome of the investigation.

Patrolman Hailed As Highway Hero

State Highway Patrolman John Quinlan was a hero today in the eyes of scores of motorists on the crowded Half Moon Bay Rd. who saw him take after Jack Iwaki of Oakland and cite him for reckless driving.

Quinlan was patroling the crowded highway Sunday afternoon in his state car when Iwaki passed him at a high rate of speed, forcing oncoming traffic off of the road, and cutting in and out of traffic in a dangerous manner, the officer said.

Despite the danger of an almost-certain accident, Quinlan pursued Iwaki up the grade to Skyline Blvd. where he flagged him down and handed him his ticket. Dozens of motorists stopped to thank the officer for arresting Iwaki.

Iwaki was laughing, Quinlan said, when he signed the ticket, and told the officer "I drive as I please."

The case will be tried in Judge Hugh F. Mullins' court Friday.

The goldfish is colored brown in its native state.

Game Warden Plea Rejected by Board

Petition of more than 75 San Mateo County sportsmen for appointment of a county-paid game warden was refused Tuesday by the board of supervisors.

Herbert C. Davis, executive officer of the State Division of Fish and Game, advised the board that only one resident game warden would be maintained in the county under a new system adopted by the division.

A "flying squad" of two additional game wardens operates from the San Jose office to assist wardens of both San Mateo and Santa Clara Counties, Davis explained, in effect adding an additional man to the patrol force in this county.

Ralph S. Mengel Is Taken by Death

Ralph Stalter Mengel, native of Menlo Park and resident of Redwood City 34 years, died at Mills Memorial Hospital Sunday night following a two weeks' illness.

Mr. Mengel, who was 42, had been employed by the Crane Co. in San Francisco for many years.

He was the son of Mrs. Emma Mengel and brother of Police Officer Henry J. Mengel and Mrs. Sophie Hunter, all of Redwood City. He was a nephew of August Stalter, Mrs. C. L. Wood and Mrs. Sophie Offerman.

Jimmy Murphy expresses his sincere thanks for the most gratifying reception accorded the opening of the CAMPUS CREAMERY

WHY SUFFER?
If in Poor Health, Here's GOOD NEWS FOR YOU!
Many Redwood City people are now in health again through the use of YEE & KO CHINESE HERBS.
Why not you? Here are proofs.

KIDNEY TROUBLE
June 10, 1938
To Whom It May Concern:
I have been troubled with weak kidneys for some time. I was also very nervous and had a tired feeling all the time. My legs were weak, and I had inflammation on my feet. I also had palpitation of the heart and gas.
At the suggestion of a friend I commenced the use of Yee & Ko Herbs. The result was remarkable. In just five weeks my trouble had all vanished. I am happy to say that Yee & Ko Herbs have brought me back in health again.
I am sincerely recommending Yee & Ko Herbs to anyone suffering as I did.
(Signed) Mrs. A. H. Smith, 933 King St., Redwood City, Calif.

Gall Bladder Trouble
August 15, 1937
Yee & Ko Herb Co.,
872 Main St.,
Redwood City, Calif.
Dear Sirs: I had a severe attack of "gall bladder" trouble last Spring. The doctor told me that if I had another attack I would have to have an operation. Dreading an operation, I decided to try your herbs. After taking two months of your herb treatments I can truthfully say that I am absolutely all right and well again.
I can highly recommend Yee & Ko Herbs to anyone who suffers as I did, and feel sure, if you give them a trial, they surely will help you.
Very truly,
(Signed) Mrs. L. Powell, Rt. 2, Box 137-B, Redwood City, Calif.
